

FARM TO SCHOOL

OCTOBER 10, 2019

HIDDEN ACRES, GREENBLUFF

APPLE PICKING

with Farwell Kindergarten

At a recent field trip to Hidden Acres, Farwell Kindergartners got a hands on Farm to School experience. During the field trip, students were able to tour the farm, visit the pumpkin patch, and learn about how bees help food grow. Then students took turns going through the apple orchards and picking apples for their school cafeteria.

FARM TO SCHOOL

LUNCH TIME

with hand picked apples by Farwell Kindergarten

On Monday October 14, apples picked by the students were served during school lunch. The Jonagold apples are a cross between a Golden Delicious and Jonathan apple, crisp with a honey-like taste!

The students loved being involved in bringing local food to their school. Additionally, the nutrition services staff received rave reviews on the apples!
