# Finally, a New Year's resolution that's easy to keep!

Breakfast and lunch at school offer all kids a **convenient, economical, and healthy** alternative for their school-day nutrition. **So why not resolve to take advantage of this great service every day?** When your kids join us for breakfast and lunch, you can rest assured that they're eating nutritious meals – and **your family may qualify for meal benefits, as well.** You can apply at any time during the year, and kids who are approved for meal benefits are **never identified at school in any way.** Encourage your kids to **join us for breakfast and lunch at school every day!**

## Did you know?

*Between breakfast and lunch, each day's school meals provide more than half of your child's dietary needs.*

*Kids who take advantage of our school meals consume more calcium and more servings of fresh fruits and veggies on average than those who pack a meal from home.*

*Studies show that kids who eat a good breakfast as close as possible to the start of the school day pay better attention in class, behave better, and score higher on standardized tests.*

*Kids get hungry on their own schedule! If they're not hungry first thing in the morning, that doesn't mean they won't be by the time they get to school. And even if they eat a little something at home, they might need to eat again before classes start.*
